PUBLISHED MONTHLY, WITH TWO ISSUES DURING DECEMBER, AT PRINCE AND LEMON STREETS, LANCASTER, PENNSYLVANIA

BY THE AMERICAN PSYCHOLOGICAL ASSOCIATION, INCORPORATED

Entered as second-class matter July 12, 1937, at the post-office at Lancaster, Pa., under the Act of March 3, 1879. Acceptance for mailing at the special
rate of postage provided for in the Act of February 28, 1925, embodied in paragraph (d-2), Section 34.40, P. L. and R. of 1948, authorized October 24, 1947.

EARLY PUBLICATION IN APA JOURNALS

The policy of accepting articles for immediate publication (providing the editor accepts the article and the author is willing to pay the entire cost of increasing the next available issue by enough pages to add his article to the normal content) is now standard practice for all APA journals except *Psychological Abstracts* and the *American Psychologist*.

The actual charge made to the author includes three items:

1. A basic charge of so much per page. This is the minimum amount that it costs to add an additional page to the journal. For 1951 these costs are:

	PER PAGE
JOURNAL OF ABNORMAL AND SOCIAL PSYCHOLOGY	\$17.00
JOURNAL OF APPLIED PSYCHOLOGY	15.00
JOURNAL OF COMPARATIVE AND PHYSIOLOGICAL PSYCHOLOGY..	11.00
JOURNAL OF CONSULTING PSYCHOLOGY	14.00
JOURNAL OF EXPERIMENTAL PSYCHOLOGY	14.00
PSYCHOLOGICAL BULLETIN	17.00
PSYCHOLOGICAL MONOGRAPHS: GENERAL AND APPLIED	15.00*
PSYCHOLOGICAL REVIEW	14.00

* Since each Psychological Monograph is printed separately, the author of one handled on an early publication basis can be charged exactly the cost of printing. The figure of \$15.00 is an approximate one; the actual figure will be higher for very short monographs and lower for very long ones. The cost will also vary depending upon the amount of special composition and the illustrations used.

These charges are based upon several factors:

- (a) The greater number of words on a particular journal page, the higher the cost per page. Conversely, the fewer words printed on the page, the lower the cost per page.
 - (b) The more copies which must be printed, the higher the cost.
 - (c) The more expensive the printer, the higher the cost. Compared to the factors listed above, this is not an important difference in the charges made.
2. The full cost of any cuts or other illustrative material, of special composition for tables, and of author's changes in proof.
 3. The full cost of any reprints ordered. (Authors of early-publication articles do not receive any free reprints.)

LIST OF JOURNALS REGULARLY SEARCHED

So that users of PSYCHOLOGICAL ABSTRACTS may know the extent of our coverage, we publish below the fifth annual list of journals which are regularly searched. This list, revised by the deletion of journals which it is no longer possible to cover regularly and by the addition of other journals, totals 490. The searching categories are indicated by type face: **bold face**, journals received by the editorial office; roman, journals searched by the abstracter. The list is correct as of 1 November 1951. In those cases where no abstracter is indicated, the journal is temporarily unassigned.

BIND YOUR COPIES OF THE JOURNALS of the AMERICAN PSYCHOLOGICAL ASSOCIATION

THE APA has an arrangement with Publishers' Authorized Binding Service by which members can have their own journals bound economically. A full buckram binding will be used, with a different color for each APA journal similar to the color of the journal cover. The name of the journal, volume number, and year will be printed in gold on the backbone, and on the front cover, the owner's name.

The price per volume is \$3.30 for the *American Psychologist* and *Psychological Abstracts*. For all other APA journals, the price is \$3.15 per volume. PABS will send an order form on request. The journals should be sent prepaid directly to the bindery. If remittance is received with order, return shipping charges will be paid. Bound volumes will be shipped thirty days after receipt of journals.
